PROJECT/EXPERIENCE SUMMARY

- **.NET** – Team was tasked with implementing **CRUD** and other functionalities on non-profit website while working within the **Agile** methodology and the **Scrum** framework. Collaborated on **Azure DevOps** with team and worked in **Visual Studio** writing code in **C#**, **Razor** syntax, and **HTML/CSS** within the **MVC** paradigm aboard **ASP.NET**.

- **DJANGO** – Team was tasked with building child applications for parent website while working within the **Agile** methodology and the **Scrum** framework. Wrote **Python**, **HTML**, and **CSS** code in **PyCharm** to implement **CRUD**, **data-scrape**, and **REST API** functionality while collaborating with team on **Azure DevOps.**

- **PYTHON** – Developed in **PyCharm**, **IDLE**, and **Visual Studio Code**. Built a **GUI** phonebook that allows for **CRUD** functionality, a file-checking **GUI** that pulls files from a user-specified folder that are within a day old, and a checkbook website within the **Django** framework that allows for interactive banking functions

- **JAVASCRIPT** – Developed in **Visual Studio Code** and along with **HTML** and **CSS.** Built a pizza menu that allowed for addition and removal of toppings and subsequent pricing, a simple calculator with add, subtract, multiply, and divide functions, and a Tic-Tac-Toe game with graphics different than the original, sound, and an **algorithm** for the computer's choice.

TECHNICAL SKILLS SUMMARY

LANGUAGES:	HTML/CSS, JavaScript, Python, C#
LIBRARIES:	jQuery, React, Bootstrap
FRAMEWORKS:	Django, .NET, Entity
IDE:	Visual Studio, Visual Studio Code, PyCharm
TOOLS/VERSION CONTROL:	Azure DevOps, Git, GitHub
DATABASES:	MS SQL, MySQL

CAREER SUMMARY

PROSPER I.T. CONSULTING   2021 to Present
Software Developer – Internship
- Worked within the .NET framework during a sprint to help team achieve various functionalities for non-profit website.
- Worked in the Django framework during a sprint to help team achieve multiple application deployment under a parent website.

POCHON IRRIGATION   2001 to Present
Irrigation Technician/Co-Owner – Seasonal
- Oversee every facet of company ownership and operation.
- Built a brand that is synonymous with quality with no advertising whatsoever.

EDUCATION

THE TECH ACADEMY   2021-2022
- Completed 600+ hours of coursework covering numerous technologies and programming languages.

MID-PLAINS COMMUNITY COLLEGE   2018-2020
Associate of Science
